Contest Coming Up from Arizona. DENVER, April 14 .- A special to the Reoublican from Phoenix, Ariz., says: There is a strong probability that two delegations will go to St. Louis from Arizona. Trouble lies in Phoenix and in its county Maricopa.

The territorial republican convention, meeting April 29, will be composed of eighty delegates. Twenty-seven will come from Phoenix, and for the possession of this, the largest block of votes, the fight has become bitter, and has extended to several other counties, and on various pretexts bolts have been organized and contesting delegations will claim over a majority of the seats. The trouble is over McKinley. A few weeks ago the Ohloan had few supporters in the erritory, but recent successes have brought

FREE SILVER AT CHICAGO

White Metal Men Will Control the Democratic Convention.

SHOW OF HANDS GIVES THIS RESULT

Out of 894 Delegates the Champions of Free Coinage Are Alrendy Certain of 454 and May Secure Others.

Oregon's action in declaring for bimetalism was semething of a shock to the sound money men at Washington, writes the cerrespondent of the Globe-Democrat. Missouri also gave the cause a setback, where a draw at least was expected. But for the democrats the case appears hopeless. It is now the opinion of statesmen that the convention at Chicago will be dominated by the free silver element, and that the democratic party will be pledged to the free and unlimited 16 to 1 coinage of the white metal.

Pursuing the topic the Globe-Democrat's correspondent tabulates and classifies the for state delegations as follows:

With the exception of a few states it is now possible to present something of an idea of the alignment of the various delegations at Calcago on the financial question. Without counting the territories there will be 894 delegates in the democratic convention, and any person or any policy commanding 450 votes will be in control. The various delegations, as near as they can now be anticipated, will stand about as follows:

Illinois has been put in the silver column, lenator Palmor, when asked what had happened in his state in regard to the selection of national delegates, said that every county the state where conventions had been of national delegates, said that every county in the state where conventions had been held had upheld 'te free collage of silver, or at least had not declared against it. "While I cannot." he said, "predict what will be the position of the state convention, I am frank to say that the action which has already been taken makes me very apprehensive. The trouble' is that the organization of the state is in the hands of the silver men, like Altgeld, Hinrichsen and others, and they can bring a great deal of influence to bear. I would at he surprised to see Illinois democrats declare for free collage." collage."

BREAK ABOUT EVEN IN KENTUCKY Contests in Two Districts May Change the Status.

LOUISVILLE, April 14.-The last of the eleven district conventions in this state were held today. Of the twenty-two district delegates who will represent the state at St. Louis, ten from the Third, Fifth, Sixth, Seventh and Ninth are instructed for Mc Kinley: ten from the First, Second, Fourth Eighth and Eleventh received straight Bradley instructions, while the two from the Tenth were instructed for Bradley first and McKinley if the governor is dropped. There will be a contesting delegation from the Third st and Fifth districts and counting the con-

It is to be remembered, however, that out of the eighty-four votes which are thus summed up as go btful, the sound money men will have to capture all of them to be in anything like a position of vantage, and the chances are almost entirely on the other side. for temporary chairman. The fight will be gin when the nominations for office are called for. The anti-Bradley men will name a candidate in opposition to Judge Morrow and will make their fight against Morrow as indicating a purpose to force upon the convention a cut and dried Bradley program. SENATOR QUAY IS STILL IN IT. He Asserts that He is Satisfied with the Political Situation. WASHINGTON, April 14.-Every day in

Washington brings forth now a fresh bulletin of presidential campaign information. The Pennsylvania candidate, Quay, accompanied by Mr. Platt of New York, arrived some days in advance of the time when expected, and there is, consequently a great deal of comment among the political prognosticators. Mr. Quay says his return has been hastened on account of the river and harbor bill in the senate, which passed the house unexpectedly. He talks about the attempt to withdraw him from the presidential race, and says he is pleased with the way in which matters are going in Pennsylvania. very prominent political companion went on to New York. AMERICANS RAN UNPLACED

Lorillard's String Liberally Entered at the Newmarket Meeting.

RICHARD CROKER'S ENTRY SCRATCHED

Wenther Cold and Stormy, but a Representative Crowd Attended the Opening of the Regular Racing Senson.

NEWMARKET, Eng., April 14 .- The Newmarket Craven meeting commenced here today and lasts until Thursday. It has been eagerly awaited by turfites, as it marks the opening of the regular racing season and is likely to throw light on the derby prospects. But there was additional intereste in the racing today, as it was the occasion of the debut of Mr. Pierre Lorillard's string of American horses, his entries being Anisetts, King of Bohemia and Glaring, Not one of Mr. Croker's horses have reached here, although he has Albany and Red Banner entered for the Ashley plate and Sir Excess for the Babraham plate tomorrow,

Mr. Lorillard, during the meeting, may also run Magic or Sand'a for the Double Trial plate; Lamerock or Pigeonwing for the 2-year-old plate and Astolpha in the Ashley plate, and besides, Mr. Foxhall Keene has Fustina and a brown colt entered for the Column Produce stakes. The weather was old and stormy.

There was only the average attendance, but many prominent people were among those present in the Jockey club enclosure. The prince of Wales, wearing a dark brown suit, a double breasted overcoat and a derby hat, strolled about the enclosure and talked with Lord Marcus Beresford and Rt. Hon. James Lowther. The prince seemed to be but little interested in the sport today. Mr. Richard Croker, enveloped in a long cape mackintosh, sauntered about alone, oc-casionally placing a bet. Talking over the

situation with a reporter of the Associated press, Mr. Croker said: "I have no horses running today and am here merely as spectator. My horses are all in good con-dition, but I find that it takes a long time to acclimate them. I hope, however, to make a record this summer. I find it different here to what we do in America. Regarding the stable here, a trainer's I am not allowed to interfere and I do not do much about my own horses. Americus is in good form and I have great hopes of him.' Mr. Croker was asked regarding

chances of Montauk for the derby. The New Yorker smiled in reply and said: "We shall The trainer who has charge of Mr. Pierre Lorillard's herses, said:

odays' performances. The first race in which an American horse competed was the Visitors' plate handicap, £150, in which Mr. Lorillard's King of Bohemia was not placed. J. Newton's gelding, Forceburn, was first, W. F. Wishard's Helen Nicol second and William Redfern's' filly, Confessional, third. In the race for the thirty-eighth Newmar-

ket Biennial stakes of £25 each for starters, with £500 added, for 3-year-olds, there were four starters. Leopold Rothschild's Galeazzo won, Sir J. Blundell Maple's Palaver second, the duke of Westminster's Attainment third. The course was the Rowley mile. In the next race, the Fitzwilliam plate of

1500, sweepstakes, £50 to the second horse. Mr. Pierre Lorillard's Glaring was un-placed. The winner was Sir R. Waldie Griffith's Princess Anne, Baron de Rothschild's Chantilly second, and F. C. Clayton's All foonshine third. Mr. Lorillard was again unfortunate in the race for the Crawford plate, handicap of 115 each, with 1500 added. His entry, Anni-

tezetti, was unplaced. Seven horses ran. Andra Oswald's Mena won, G. S. Revell's Voyager second and Baron Hirsch's Sauterille The last race of the day was for the Ashley plate, 200 sovereigns, for 2-year-olds. It was won by Charles Day Rose's Tab Melfitana, Mr. Labaudy's Persel second, and Barney Barnato's brown filly, by Galop In, hird. Mr. Croker's Albany and Red Banner and Mr. Lorillard's Astolpho had been entered, but all three were scratched.

Helen Nichol, who ran second in the race for the Visitors' plate, is an American horse, formerly owned by McCafferty, who sold out his stable last year to Duke & Wishard. Wishard was McCafferty's trainer and his partner part of the time.

RECORD RUN AT CUSHION CAROMS Ives Wins from Maurice Daly After

Some Remarkable Play, BOSTON, April 14.—Ives defeated Maurice Daly of New York in the international billard tournament tonight and made a new record for a run on cushion caroms, scoring eighty-five points against seventyseven, the previous record, made by William Sexion, in public, and eighty-one by Schaefer, in private practice. The match was the second game in the second series of the international billiard tournament, in which Jake Schaefer, Frank Ives, Maurice Daly and Albert Garnier are the con'estants, Daly, who is an expert on cushion caroms, looked to be an eask winner early in the game, as Ives was way off in his playing until the twenty-fith inning, when he made a run of 4l. He then pulled himself toxether and in the twenty-fith, thirty-fifth and fortieth innings made good runs, paving the way for his record breaker in the forty-first inning. When he tied the world's record the spectators applauded vociferously, but when he finished with the biggests run every made at cushlon caroms, either in practice or a public tournament, the enthusiasm was unbounded. Schaefer was among the spectators, and was one of the heartiest in his applause.

Open table billards was played throughout the game, and during his record run, Ives nursed the balls for only twelve or fifteen shots. TRIES TO POISON A WHOLE FAMILY. Crime Charged to a Boy Who Was

Animated by Spite. EUGENE, Ore., April 14.—Oral Poindexter, a lad 12 years old, was arrested at his home four miles north of Coburg, this morning and was brought to this city on a charge of attempting to kill the family of Mrs. Hiram Smith, a widow who lives on a farm adjoining that of the Poindexters. For some time past the Smith family have felt that they were the victims of persecution as repeated family by scattering poision about the dishes and eatables.

S. O. Garrison, a neighbor, was appointed special officer to ferret the matter out. He obtained his first clue last Saturday. Mrs. Smith was away from home, but one of the little girls was left to keep watch. She saw the boy come with a vial and pour some-thing into the pump. The next day she was working about the chicken house struck over the back of the head by a club by the same boy and was left unconscious. Other evidence was secured against the boy until sufficient was obtained to warrant his arrest. It is supposed that Poindexter's act is the result of some old feud between the families.
